

WELDING CERTIFICATE

Annex to Certificate: ECT/SSF/003

This certificate is issued to

Asia Metal Engineering & Trading Pte Ltd

11, Tuas South Link 03,
Singapore, 638813

Applicable Standard: SS EN 1090-2:2018

Execution of steel structures and aluminium structures -
Part 2: Technical requirements for steel structures

Execution Class: EXC3 according to SS EN 1090-2

Parent Materials:

S275 & S355 (Sub-group 1.1, 1.2,1.4) according to ISO 15608

Welding Processes:

111 - Manual metal arc welding according to ISO 4063

131 - Metal Inert Gas Welding according to ISO 4063

136 - Metal Active Gas Welding according to ISO 4063

Responsible Welding Coordinator:

Name: Mr Thangaraju Govindasamy

Qualification: AWS CWI

Date of Birth: 25/08/1979

Confirmation:

All provisions concerning welding as described in the above-mentioned standard(s) were applied.

This certificate will remain valid subject to continued compliance with the above standard as confirmed by routine surveillance. Continued compliance is contingent on any change to test methods and/or production requirements or plant modifications being non-material with effect to declared characteristics.

Element Construction Testing (S) Pte Ltd is accredited by Singapore Accreditation Council (SAC) for certification in respect of Product Certification Systems (ISO/IEC 17065:2012 and SAC CT 20:2018).

Sherly Wijaya

CERTIFICATE OF CONFORMITY

Factory Production Control

This certificate is issued to

Asia Metal Engineering & Trading Pte Ltd

11, Tuas South Link 03,
Singapore, 638813

Fabricator Plant Address

11, Tuas South Link 03,
Singapore, 638813

For the product certification of

Construction Product

Structural components and kits for steel structures to EXC3 according to SS EN 1090-1.

Confirmation

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard SS EN 1090-1:2018 under Type 3 certification scheme of ISO/IEC 17067, with the addition of management system auditing applied, and that the factory production control fulfils all the prescribed requirements stated therein.

This certificate will remain valid as long as the test methods and/or factory production requirements included in the standard used to assess the performance of the declared characteristics do not change, and the product and the manufacturing conditions in the plant are not modified significantly.

Element Construction Testing (S) Pte Ltd is accredited by Singapore Accreditation Council (SAC) for certification in respect of Product Certification Systems (ISO/IEC 17065:2012 and SAC CT 20:2018).
